### Nomination/Selection Criteria for World Junior 2012 (July 2012)

#### 1. Qualification Standards

Please see IAAF World Junior qualification marks in SAA or IAAF website.

#### 2. Qualification Period

Please see IAAF World Junior qualification period in SAA or IAAF website.

#### 3. Qualifying Requirements & Qualifying Requirements for wild card entry

#### For Local Based Athletes

There are 3 phases during the qualifying period. Any athlete keen to be selected for the said event needs to compete in at least 1 of the competitions from each phase to be considered eligible (total 3 results).

Time/Distance/Height recorded from the event will be converted into IAAF 2011 scoring points and all events will be cross-ranked. The athlete's points and positioning will be monitored for consistency in performance throughout the season to be considered for final nomination.

If there is a tie, then the final phase competition results will be used for the final nomination.

#### For Overseas Based Athletes

Overseas based athletes who are eligible for this meet, should inform SAA from November 1<sup>st</sup> 2011 onwards or 1 month in advance of the meet they wish to compete in to seek approval/sanction for the meet as their qualifying meet.

They must have at least 3 meets for SAA to be able to monitor them for consistency. Once the meet requirement has been satisfied, they may proceed with the competition and send in full results upon completion of the meet.

This should include full results of the event that they are participating in and the signature of the meet director of the meet, wind reading of the event etc. Any missing items will delay or hinder the nomination.

The athlete with the best average scoring points and performance (1 male and 1 female) will be nominated for the event by 1<sup>st</sup> June 2012 pending IAAF approval and confirmation.

In the event of no athletes meeting any qualifying marks set by IAAF, MF are given a wild card entry for 1 Male and 1 Female for the said games, the following selection criteria will be used to select and nominate the best 1 male and 1 female athlete to the event to be confirmed by IAAF.

#### 4. Qualifying Events

Please see IAAF World Junior qualification marks in SAA or IAAF website.
