

SAA SERIES WALKS 2014

After a protracted period of almost 5 months, the Series Walks 2014 finally came to a close on 17/8/2014. Because of this long drawn out exercise many had dropped out and this had contributed to some surprising results. Mindy Ding, a completely new convert to race walking, surprised everyone including herself, by coming in first overall in the women veteran section, beating established walkers like Komathi and Kowsula and many others. Her devotion and consistency had paid off as she took part in all the 3 races whereas the others participated in only one or two. There were some notable achievements too. Tin Shu Min achieved her personal best by clocking 58:53 in the last 10 km walk, improving by almost 10 minutes from her first walk in this series in March 2014. A couple of under 15 boys, Joshua Chua and Tang Hai Heng also showed potential as they did well in keeping up with and even went ahead of Edmund for the 2 km that they covered. These series of races have shown there are definite potential race walking talents in our midst. We have to exploit this and hold more events to keep up their interest and help them grow. Next year we will condense the 3 walks into a shorter period of 6 weeks or the most 8 weeks and hope more will join in and be prepared to participate in all the 3 races. Meanwhile be informed the 2nd Team Race Walking Championships will be held on 27.12.2014 and the 3rd Age Group Race Walking Championships in the first quarter of 2015. So be prepared.
